

# Sun Garden - Safety instructions 11.2024

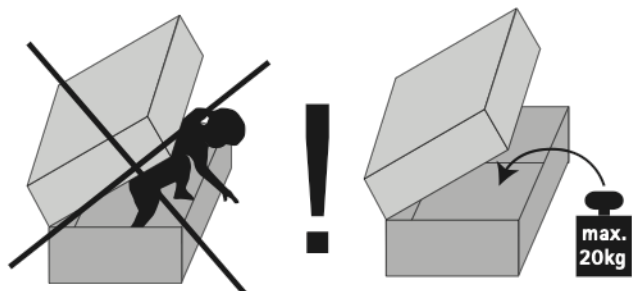

The assembly should be carried out on a base

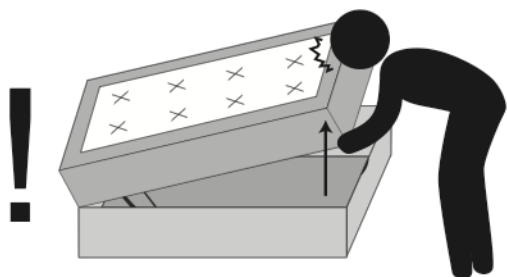

Headboard must stand on the wall for stability

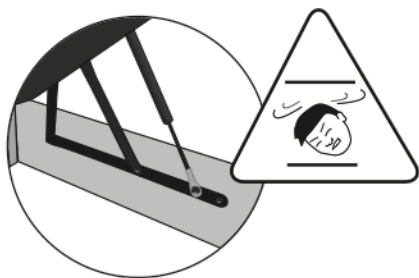

The mattress should be rolled out 48 to achieve full volume

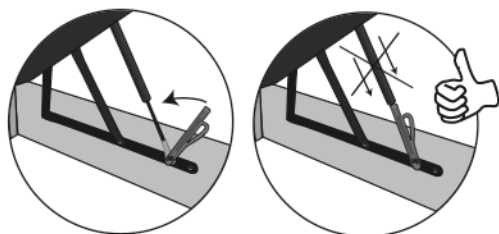

Do not climb into the storage space  
Maximum load 20 KG

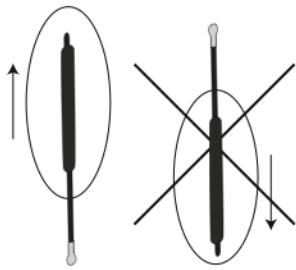

Watch out, the bed box can open while unpacking.

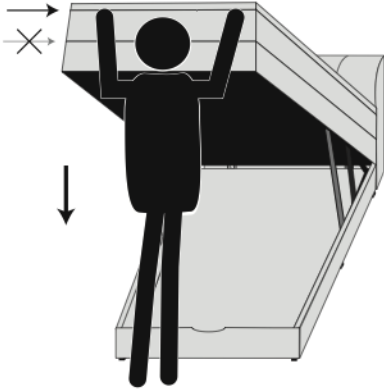

Be careful, not to squeeze your head into the bed box

Put the plastic stopper to the gas spring so that the bed box can't close

The piston of the gasspring must be at the top

Grasp the bed on the upper end, while closing
