The image contains two main assembly diagrams, labeled 1 and 2, illustrating the installation of window profiles using adhesive 11.

Diagram 1: Shows the assembly of a profile (Bo1) with two other profiles (So1 and So3). The adhesive 11 is applied to the profile Bo1. The resulting joint configurations are shown in circular insets: a cross-section of the joint, a side view of the joint, and a top view of the joint. A warning triangle is present in the top right corner.

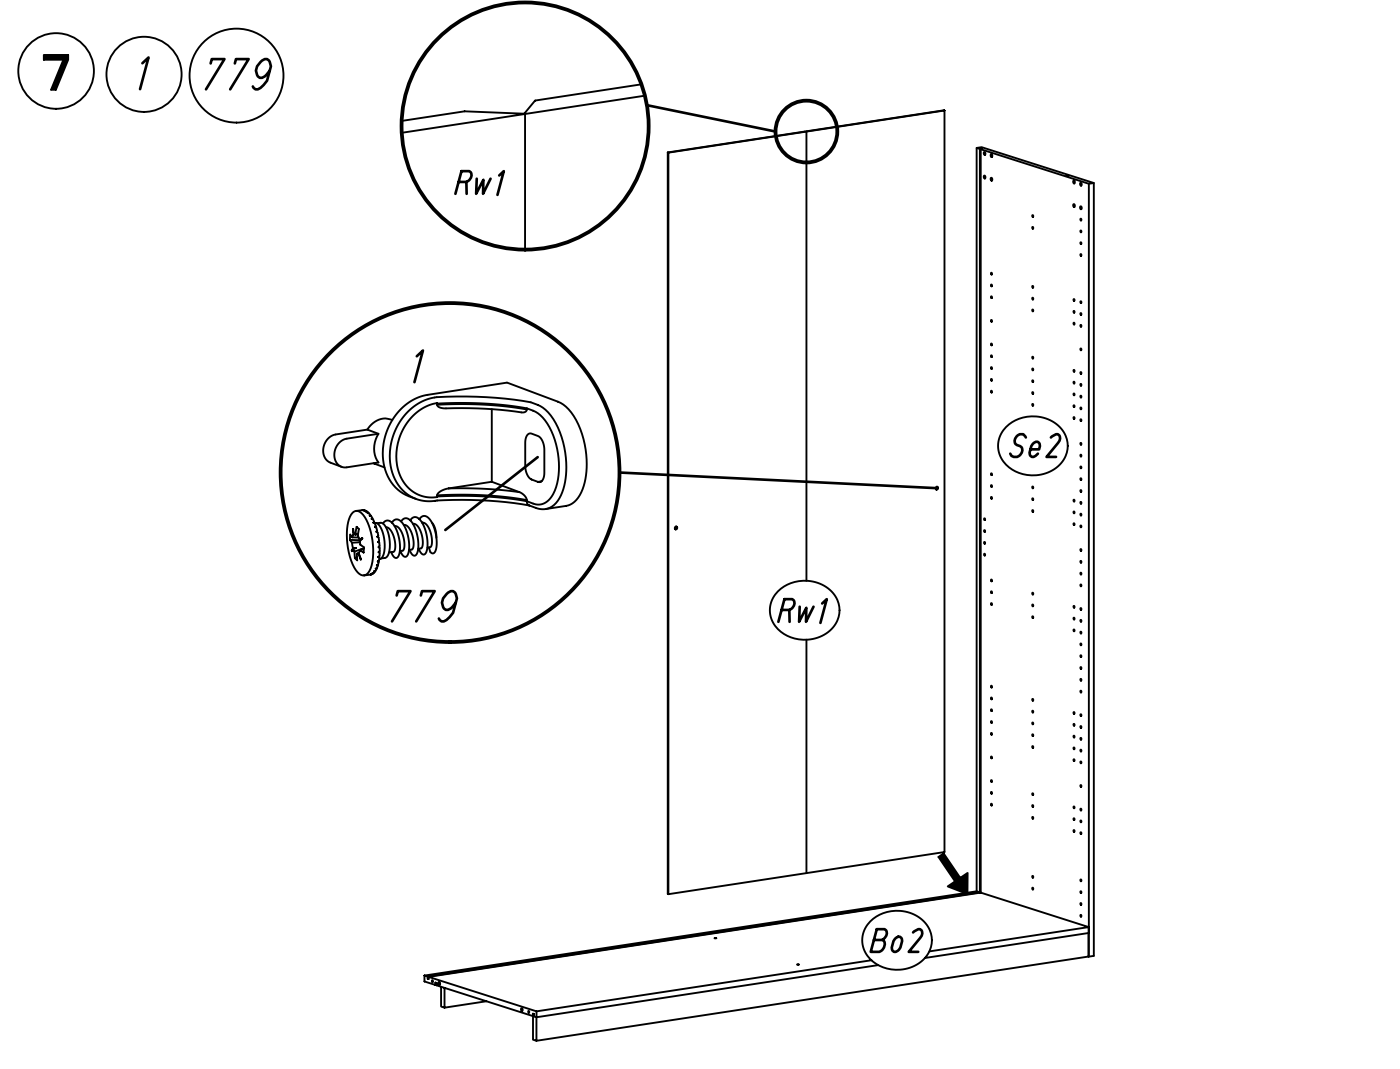

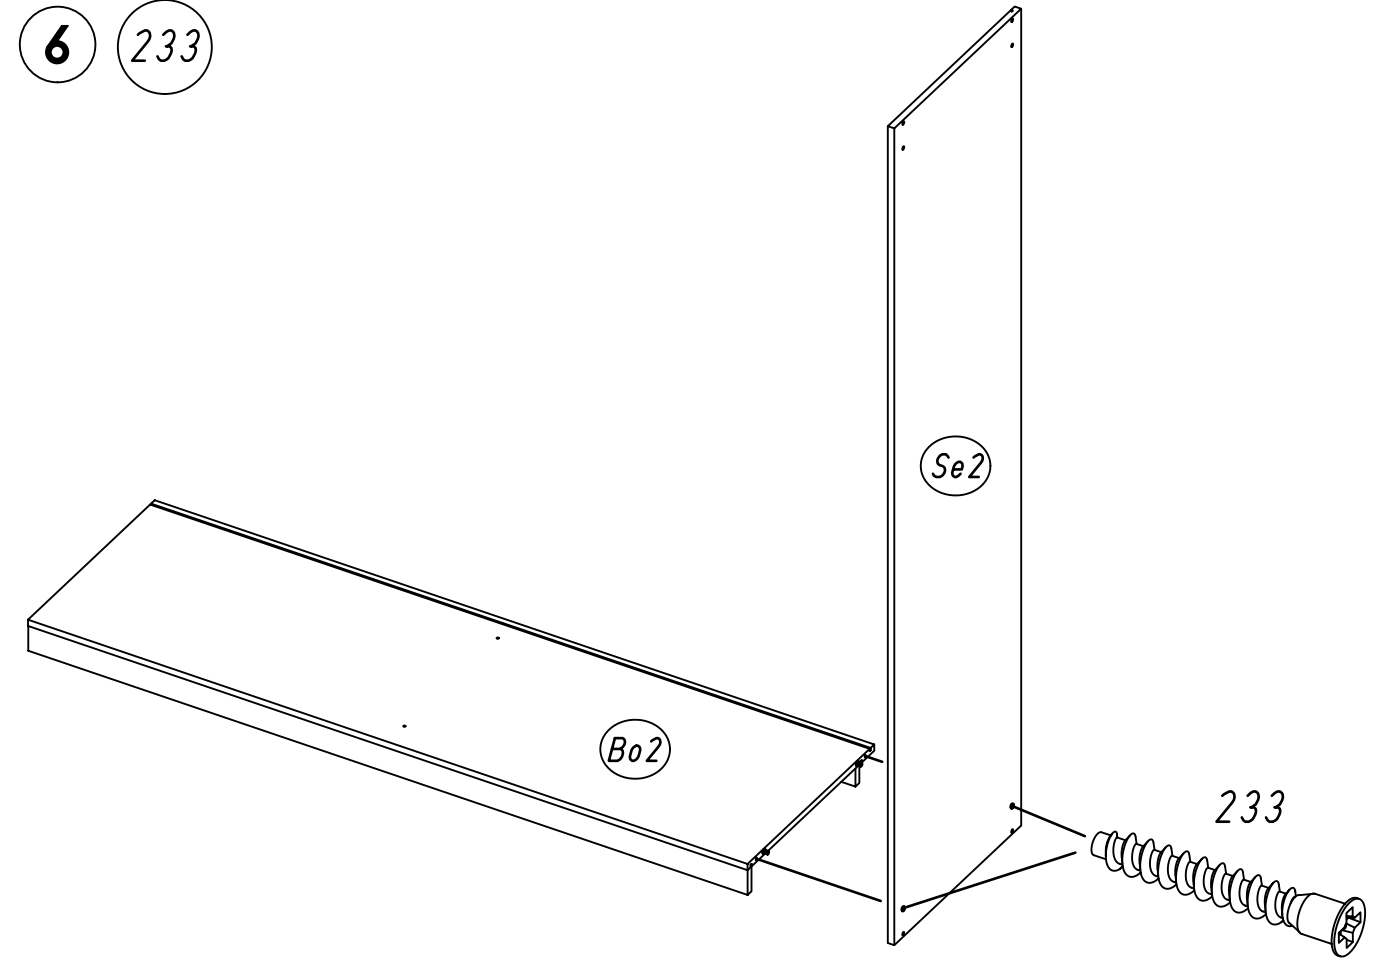

Diagram 2: Shows the assembly of a profile (Bo2) with two other profiles (So2 and So4). The adhesive 11 is applied to the profile Bo2. The resulting joint configurations are shown in circular insets: a cross-section of the joint, a side view of the joint, and a top view of the joint. A warning triangle is present in the top right corner.
