WARNING

Serious or fatal crushing injuries can occur from furniture tip-over.
To help prevent tip-over:

- Install tipover restraint provided.
- Place heaviest items in the lowest drawers.
- Do not set TV's or other heavy objects on top of this product, unless the product is specifically designed to accommodate them.
- Never allow children to climb or hang on drawers, doors, or shelves.
- Never open more than one drawer at a time.

Use of tip-over restraints may only reduce, but not eliminate the risk of tip over.

UK: To prevent the furniture from tilting it needs to be fastened to the wall using the enclosed safety string.
There are many different types of walls and partitions. We are therefore not able to enclose the correct screws and wall plugs. Before purchasing the appropriate wall plugs and screws, it is essential to find out which type of wall/partition the product needs to be fastened to. Here are some examples of recommended wall plugs/screws for:

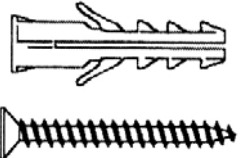

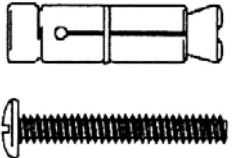

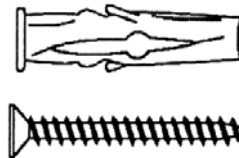

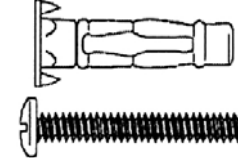

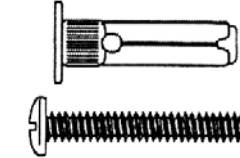

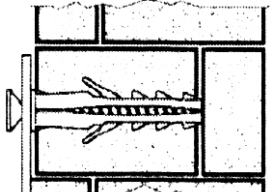

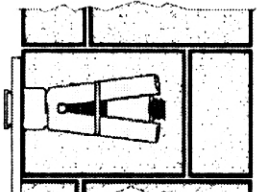

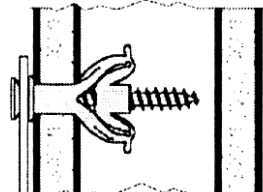

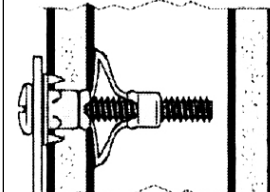

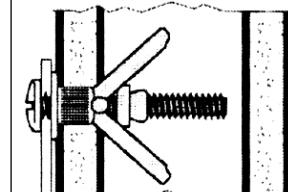

DE: Damit das Möbelstück nicht kippen kann, muss es mit der beigegefügtten Sicherheitskette an der Wand befestigt werden. Es gibt viele verschiedene Wand- und Abtrennungsarten. Daher ist es uns nicht möglich, die korrekten Schrauben und Dübel mitzuliefern. Bevor Sie die entsprechenden Dübel und Schrauben kaufen, ist es nötig, festzustellen, an welcher Art von Wand/Abtrennung das Produkt befestigt wird. Hier finden Sie einige Beispiele für empfohlene Dübel/Schrauben für:

FR: Afin d'empêcher les meubles de basculer, ils doivent être fixé au mur à l'aide de la chaîne de sûreté fournies. Il y a beaucoup de types de murs et de cloisons différents. Nous ne sommes donc pas en mesure de joindre les vis et chevilles appropriées. Avant d'acheter les chevilles et les vis appropriées, il est essentiel de savoir quel type de mur/cloison du produit doit être fixé. Voici quelques exemples de chevilles/vis recommandées pour:

ITA: Al fine di prevenire il ribaltamento del mobile, è necessario che questo venga fissato alla parete mediante l'utilizzo della stringa di sicurezza allegata. Esistono molte tipologie di pareti e divisori. Non siamo pertanto in grado di allegare tutti i corrispettivi perni e viti di fissaggio. Prima dell'acquisto delle viti o dei perni più appropriati, è necessario individuare il tipo di parete/divisorio a cui il prodotto deve essere fissato. Forniamo di seguito alcuni esempi di perni/viti raccomandati per:

ES: Para evitar que los muebles queden inclinados, estos tienen que fijarse a la pared, usando el cordón de seguridad incluido. Existe una variedad infinita de paredes y tabiques. Por tanto nosotros no somos capaces de incluir los tornillos y tacos de pared apropiados. Antes de comprar los tacos y tornillos de pared correctos, es esencial saber el tipo de pared/tabique al que hay que fijar el producto. He aquí algunos ejemplos de los tacos/tornillos de pared recomendados para:

CAT: Per tal d'evitar que el moble s'inclini, cal collar-lo a la paret amb el cordó de seguretat inclòs. Hi ha diferents menes de parets i envans. Per aquest motiu no podem incloure els cargols i els tacs adequats per a totes les parets. Abans de comprar els cargols i els tacs adequats, cal esbrinar a quina mena de paret o envà anirà muntat el producte. Aquí teniu alguns exemples de cargols i tacs recomanats per a:

UK: Brick Walls DE: Ziegelwände FR: Murs de briques ITA: Pareti di mattoni ES: Paredes de ladrillo CAT: Parets de totxo				
UK: Nylon Plug "Fisher" DE: Nylon-Dübel "Fischer" FR: Cheville en nylon à expansion "Fisher" ITA: Pressa "Fisher" in nylon ES: Taco de Nylon "Fischer" CAT: Tac de niló "Fisher"	Metal expansion bolt Metall-Dehnschraube Boulon à expansion en métal Perni ad espansione in metallo Taco metálico expansible Cargol d'expansió metal·lic	Nylon expansion bolt Nylon-Dehnschraube Boulon à expansion en nylon Perni ad espansione in nylon Taco expansible de nylon Cargol d'expansió de niló	Cavity anchor Hohlraumdübel Cheville de verrouillage Cavità di ancoraggio Anciaje de pared hueca Ancoratge per a cavitats	Cavity anchor "Molly" Hohlraumdübel "Molly" Cheville de verrouillage de forme "Molly" Cavità di ancoraggio "Molly" Anciaje de pared hueca "Molly" Ancoratge per a cavitats de tipus "Molly"
				
				

UK: Use a drill suitable for the type of wall and the chosen wall plug.
 DE: Verwenden Sie einen für die Wand und die gewählte Dübelart passenden Bohrer.
 FR: Utiliser une perceuse appropriée pour le type de mur et la prise murale choisie.
 ITA: Utilizzare un trapano adatto al tipo di parete e al tipo di perno selezionato.
 ES: Utilice una máquina taladradora adecuada para el tipo de pared y el taco preferido.
 CAT: Cal fer servir una broca adequada per al tipus de paret i el tac escollit.

UK:

It is important that any product which is assembled using any kind of screw is re-tightened 2 weeks after assembly, and once every 3 months - in order to assure stability through-out the lifespan of the product.

DE:

Es ist wichtig, bei jedem mit Schrauben montierten Produkt diese 2 Wochen nach dem Zusammenbau sowie einmal alle 3 Monate wieder anzuziehen, um die Stabilität des Produkts über die gesamte Lebensdauer hinweg zu gewährleisten.

ES:

En el caso de los productos ensamblados, es importante volver a apretar los tornillos 2 semanas después del montaje y después cada 3 meses, para así preservar la estabilidad durante toda la vida útil del producto.

FR:

Il est important que tout produit monté à l'aide de vis soit resserré 2 semaines après son montage, puis tous les 3 mois, afin de garantir sa stabilité durant tout son cycle de vie.

DK: VIGTIGT!

Det er vigtigt, at alle produkter, der samles med alle former for skruer, efterspændes to uger efter samling samt hver tredje måned for at sikre, at produktet er stabilt i hele dets levetid.
