THE WIZ DNA

WIZ brings total flexibility with 64,000 shades of white and dimming. It's the very minimum of what should be expected for the 21st century.

64,000 WHITES

Preset light modes

16 Million COLORS

Dynamic light modes

WIZ lighting experts have designed dynamic color modes that completely outshine the rest of the industry. Like great music tracks, perfectly synchronized and randomized, our modes make any room glow with stunning lighting ambiances.

ABSOLUTE CONTROL

Our patented WIZ technology lets you enjoy full control of all your lights whether it's through Wi-Fi, mobile data networks, the infrared remote or your existing switches.

IFTTT Applets

Voice control

By giving you more ways to control without removing any at all, you're spoiled for choice when it comes to how you'd like to interact with light.

COULDN'T BE EASIER

Pair & share. Instantly.

Instant pairing

No hub required

Secured cloud

Multi-user

Multi-location

Control anywhere

30 seconds to set up. Everyone can enjoy the WIZ experience on their smartphone.

THE MOST ADVANCED LIGHT APP EVER

STREAMLINE YOUR LIFE

WIZ already has 60+ popular IFTTT applets available on <https://ifttt.com/wiz>. Enjoy Amazon Alexa with smart home skill. You can also use Google Assistant on Google Home or your smartphone.

Turn on the light when my security camera detects motion.

Change the light to bright red in case of a carbon monoxide emergency.

Hey Google, I'm leaving. Turn off all the lights at home.

Change the light to cool white when it gets hot.

CO+ = Change the light to daylight.

Alexa, set the light in the kitchen to daylight.

works with the Google Assistant | works with amazon alexa | IFTTT
