TESSA

design N Lab

Letto tessile con testata e pannello di contenimento giroletto realizzati in legno multistrato da 18 mm, foderati da poliuretano e cuffia in tessuto vellutino con stampa logo, entrambi rivestiti da tessuto o pelle. I cuscini imbottiti di sofficie schiumato ed ovatta 400gr sono attaccati alla testata con cerniere invisibili ed hanno un loro rivestimento autonomo.

Upholstered bed with headboard and bed frame containment panel made of 18 mm plywood, lined with polyurethane and velvet fabric with logo, both covered in fabric or leather. The cushions padded with soft foam and 400g wadding are fixed to the headboard with invisible zips and have their own independent covering.

**Tessa è realizzato in tessuto o pelle.
Il rivestimento può essere differenziato
tra cuscini, giroletto e struttura.**

**Tessa is available of fabric or leather, the
covering can be differentiated between
cushions, bed frame and structure.**

Etichettatura ambientale

Environmental labeling

Ogni individuo ha il potere di fare del mondo un posto migliore

Noctis consiglia di non disperdere i propri prodotti nell'ambiente. Grazie alla tecnologia produttiva e all'ampio uso di materiali riciclabili, le proposte Noctis dismesse possono essere utilizzate per produrre nuovi manufatti. Ti consigliamo di verificare le disposizioni vigenti nel tuo comune. Aiutiamo l'ambiente tramite il riutilizzo ed il riciclo consapevole.

Noctis recommends not dispersing its products into the environment. Thanks to production technology and the extensive use of recyclable materials, disused Noctis products can be used to produce new artefacts. We advise you to check the provisions in force in your municipality. We help the environment through conscious reuse and recycling.
