design N Lab

Letto tessile in legno multistrato curvato da 18 mm, rivestito con poliuretano espanso e ovatta 40 grammi, con cuffia in vellutino con logo. Uno speciale meccanismo, posizionato all'interno dell'imbottitura, consente alla testata di piegarsi verso il materasso. Il giroletto REMOVABLE COVER è rivestito con poliuretano espanso e ovatta 300 gr, e foderato in tessuto vellutino con stampa logo.

Upholstered bed in 18 mm curved plywood, covered with polyurethane foam and 40 gram wadding, with velvet fabric cover and logo. A special mechanism, positioned inside the padding, allows the headboard to fold towards the mattress. The removable bed frame is covered with polyurethane foam and 300 g wadding, and lined in velvet fabric with logo.

Reverso è realizzato in tessuto o in pelle.
Reverso is available of fabric or leather.

Reverso 180

La caratteristica cucitura ad X sul giroletto e sulla testata è realizzata in tono su tono con colore leggermente più scuro ed in gradazione rispetto al rivestimento scelto. In alternativa è realizzata con filato nero o panna se richiesto. Choose well. The characteristic X-shaped stitching on the bed frame and headboard is made in tone on tone with a slightly darker color than the chosen covering. Alternatively it is made with black or cream yarn if requested.

Etichettatura ambientale

Environmental labeling

Ogni individuo ha il potere di fare del mondo un posto migliore

Noctis consiglia di non disperdere i propri prodotti nell'ambiente. Grazie alla tecnologia produttiva e all'ampio uso di materiali riciclabili, le proposte Noctis dismesse possono essere utilizzate per produrre nuovi manufatti. Ti consigliamo di verificare le disposizioni vigenti nel tuo comune. Aiutiamo l'ambiente tramite il riutilizzo ed il riciclo consapevole.

Noctis recommends not dispersing its products into the environment. Thanks to production technology and the extensive use of recyclable materials, disused Noctis products can be used to produce new artefacts. We advise you to check the provisions in force in your municipality. We help the environment through conscious reuse and recycling.
